TENTATIVE PROGRAM

PRESENTATIONS

Thomas J. Webster | *Hebei University of Technology, USA*

Title: 30,000 Nanotextured Implants in Humans with No Failures (and No Drugs).

B.H. Jaswanth Gowda | *Queen's University Belfast, UK*

Title: Impact of Single- vs. Multi-Step Casting on Drug Loading in Voriconazole-Loaded Microneedle Patches for Treating Fungal Keratitis.

Giovanni Pagano | *University of Naples Federico II, Italy*

Title: Defects in mitochondrial functions in redox-defective diseases and prospect studies toward protection by means of combined mitochondrial nutrients.

Ravi Maharjan | *Dongguk University, South Korea*

Title: Future of Therapeutics: mRNA-LNP Platforms and Predict AI models for drug delivery.

PRESENTATIONS

Eliane Silva | *University of Porto, Portugal*

Title: Occult Hepatitis C Infection Identified in Kidney Transplant and Hemodialysis Patients after Sustained Virological Response.

Małgorzata Masierek | *Bioton S.A, Poland*

Title: "Revolutionizing Drug Delivery Systems: Insights from Insulin".

Kayhan Hulya | *Istanbul University, UK*

Title: A New Era in Microbiota Modulation: Microbiota Balance Through Probiotic-in-Oils Innovation.

Rafael Vazquez-Duhalt | *National Autonomous University of Mexico, Mexico*

Title: Virus-based enzymatic nanoreactors for enzyme replacement therapy.

PRESENTATIONS

Sadee Wolfgang | *The Ohio State University, USA*

Title: Therapeutic Targeting of Ligand-Free Signaling of G Protein Coupled Receptors: Application in Opioid Pain Therapy and Opioid Use Disorder.

Nigel Smart | *The University of Manchester, USA*

Title: The concept of Cooperative Intelligence in Pharmaceutical Manufacturing.

Sergei M. Danilov | *University of Illinois at Chicago, USA*

Title: ACE-dependent Alzheimer's disease (AD).

Ang-Yang Yu | *Chinese Academy of Sciences, China*

Title: Computational prediction of an important Protein's structure.

PRESENTATIONS

Rahmoun Mohammed Nadjib | *Tlemcen University, Algeria*

Title: Evaluation of the Antimicrobial Activities of Lawsonia inermis Extracts and Naphthoquinone Derivatives: Prospects for the Development of New Therapeutic Agents.

Prashant Sakharam Bhokardankar | *Medical college Hospital and Research Centre , India*

Title: Backdrop of Ayurveda In Arthritis a Current Scenario.

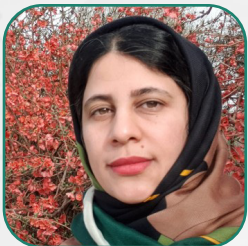

Abdulhakem Alhamoudi
Albaha University, Saudi arabia

Vishal Gandhi
BIORx Venture Advisors Pvt. Ltd., India

PRESENTATIONS

Mirzaeei Shahla

Kermanshah University of Medical Sciences, Iran

Mandip Singh

College of Pharmacy and Pharmaceutical Science, Germany

Italo Pardo

University of Kent, UK

Howard Morris

Imperial College London, UK

PRESENTATIONS

Tarek Aboul Fadl
Assiut University, Egypt

Rodica Olteanu
Colentina Clinical Hospital, Romania
